

KAMAL PANDEY

Lead UI/UX Designer | Design Systems Architect | Web Accessibility Specialist

Delhi, India | +91 92663 06689 | kamalpandey.dev@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Lead UI/UX Designer with 14+ years architecting accessible, high-performance digital products for B2B and B2C clients. Lifted WCAG 2.1 compliance from 32% to 98% - reducing accessibility violations by 85% - while improving Core Web Vitals by 42% and task completion rates by 28% at Happiest Minds Technologies. Expert in Figma Design Systems, ARIA, Design Tokens, and front-end collaboration (React.js/HTML/CSS). Proven leader of cross-functional squads in Agile/Scrum environments, with a track record of establishing DesignOps workflows that cut design review cycles by 35%.

SKILLS

Design & Prototyping: Figma (Advanced — Design Systems, Auto Layout, Variants, Tokens, Prototyping), Adobe XD, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Zeplin

Accessibility & QA: WCAG 2.1 A/AA/AAA, ARIA, Axe DevTools, WAVE, Lighthouse, NVDA, JAWS, VoiceOver, Chrome DevTools Accessibility Inspector, ADA Compliance, Accessibility Annotation

Frontend & Dev: HTML5, CSS3/SCSS, JavaScript (ES6+), React.js, Semantic HTML, Keyboard Navigation, Git, VS Code, npm/yarn

UX Process: Design Ops / DesignOps, Design Systems, Component Libraries, Design Tokens, User Research, Personas, Journey Maps, Jobs-to-be-Done (JTBD), Information Architecture, Usability Testing, A/B Testing, Maze / UserTesting

AI & Emerging Tools: Leveraging AI tools (ChatGPT, Claude, GitHub Copilot, Figma AI, Canva, Midjourney, AI-powered video tools) to accelerate UX research, automate WCAG audits, generate design systems, and enhance frontend workflows.

Leadership & PM: Cross-functional Leadership, Stakeholder Management, Design Critique, Agile/Scrum, UX Strategy, Mentoring, Jira, Slack, Google Workspace, Notion, Confluence

PROFESSIONAL EXPERIENCE

Freelance Lead UI/UX Designer & Frontend Developer | **Self-Employed** | Delhi/NCR, India 05/2025 – Present

- Architected accessible UI systems for 4 clients (Sookti AI, Crazyeggz, Pratul Solar Power, Bharat Rover) using React.js, SCSS, and Figma Design Systems with full WCAG 2.1 AA compliance and accessibility token integration.

Senior UI/UX Designer & Frontend Developer | **Happiest Minds Technologies** | Noida, India 02/2021 – 02/2025

- Spearheaded end-to-end UX strategy for 3+ enterprise and consumer digital products; established scalable Figma Design Systems and DesignOps workflows that **reduced design review cycles by 35%**.
- Championed accessibility-first initiatives across all product lines — conducted WCAG audits (Axe/WAVE/Lighthouse), authored remediation playbooks, and **lifted WCAG compliance from 32% to 98%**, reducing accessibility violations by 85%.
- Engineered accessible, responsive interfaces with ARIA, keyboard navigation, and screen-reader compatibility; achieved **95+ Lighthouse performance scores** and improved Core Web Vitals by 42% across key products.
- Directed cross-functional squads (Product, Engineering, QA) in Agile/Scrum; owned UX backlog prioritization, design critiques, and pixel-accurate Figma handoffs with annotated component specs and accessibility annotations.
- Mentored a team of 6 designers and front-end developers on inclusive design and WCAG best practices; produced 3 internal training modules that standardized accessibility practices org-wide.
- Measured business impact: **task completion +28%, accessibility support tickets -67%, user engagement +32%** across shipped products.
- Awards: Chairman Teams Award — PepsiCo (2022), UI Star of the Quarter (2021), UI Problem Solver Insta Award — Continental (2025).

Frontend Engineer | **Syncrasy Technologies** | Noida, India

01/2019 – 01/2021

- Built 30+ accessible UI interfaces using React.js, Redux, and SCSS; created reusable component libraries documented in a Figma Design System with WCAG 2.1 AA accessibility tokens and specs; achieved **94+ Lighthouse accessibility scores**.
- Implemented performance optimizations (code-splitting, lazy-loading, responsive image strategies) that **reduced page load times by 40%**, improving task completion by 22% and user satisfaction scores by 18%.
- Reduced design-to-development time by **32%** by standardizing UI patterns and collaborating with product owners to translate research insights into prioritized features used in A/B testing and release planning.
- Ran moderated usability tests and accessibility validation sessions to validate interaction design, iterating prototypes based on findings before each release.

Senior Web Designer | **Dabur India Ltd (via Accenture)** | Ghaziabad, India

11/2013 – 08/2018

- Designed and developed Dabur brand websites with combined **50M+ monthly visitors** (RealFruitPower.com, DaburDentalCare.com, DaburHoney.com, DaburChyawanprash.com); drove ongoing maintenance, optimization, and feature delivery.
- Executed Lighthouse and PageSpeed audits with accessibility and performance remediation that reduced bounce rates and increased conversions across flagship brand properties.
- Developed pixel-perfect responsive component pattern libraries ensuring consistent cross-product UX across 8+ device form factors and browsers.

Earlier Career: Freelance Web & Graphic Designer (2012–2013) | Web Developer, Moretimer Pvt Ltd (2011) | E-Learning Product Developer, Infopro India — Articulate Storyline, Captivate, SCORM/xAPI, LMS (2007–2009).

EDUCATION

Bachelor of Computer Applications (BCA) — Indira Gandhi National Open University

Professional Diploma in Multimedia & Web Design — Oxford Computer Software Ltd

2006 – 2007

CERTIFICATIONS & PROFESSIONAL TRAINING

-
- Web Accessibility Specialist (WAS) — International Association of Accessibility Professionals (IAAP)
 - WCAG 2.1 & Accessibility Compliance Training - Web Content Accessibility Guidelines & Standards
 - Web Design and Multimedia

PROFESSIONAL AFFILIATIONS

International Association of Accessibility Professionals (IAAP) | Interaction Design Association (IxDA) | User Experience Professionals Association (UXPA)

NOTABLE PROJECTS

-
- Oracle Global E-Learning Platform (2008–2009) - Contributed to online training programs serving Oracle's international user base.
 - Dabur Digital Ecosystem (2013–2018) - Led UX and frontend for 4 flagship consumer brand websites; largest property exceeded 50M monthly sessions.
